What's in here

Between 2016 and 2024, Virgin Islanders wrote **2,928 different things** on the blank line of a ballot. Most were neighbours. Several were the Trinity. One was a mongoose with a six-year career. Territorial law requires an election officer to copy down every last one of them **exactly as written** — which means all of it is now, permanently, a public record.

BEFORE WE BEGIN

Why any of this exists in writing

- Every USVI ballot carries blank lines. You may write in anyone. Nobody stops you.
- After the count, the Elections System publishes a `WRITE-IN APPENDIX A` for each district — a list of every name entered and how many times.
- Under **18 V.I.C. § 625**, officers must record those names *"exactly as they were written or pasted to the ballot."* No cleanup. No spellcheck. No editorial discretion.
- That last clause is why a government document contains the phrase `RON DELUGO'S RUM SATURATED CORPSE`. The law made them type it.

Every write-in vote, by election. Wide bars are votes; narrow bars are the number of distinct things written, on an exaggerated scale so they're visible. 2024 was the biggest year on both counts — a ballot carrying a Constitutional Convention, and the most blank lines Virgin Islanders have ever been handed at once.

PART ONE · NINETEEN AWARDS

The envelopes, please

Winners are shown the way the voter left them: on the line, in the hand, spelled however they landed. Nothing below has been corrected.

01 | BEST IN SHOW

Goat Foot Woman

2022 GENERAL · BOARD OF EDUCATION, ST. CROIX · DELEGATE TO CONGRESS · LEGISLATURE, ST. CROIX · **3 VOTES, 2 SPELLINGS**

The Crucian jumbie of the goat's foot — the woman you don't follow home — was nominated for Board of Education, then for the Legislature, and then, by a different voter on a different ballot, for **Delegate to Congress**. Somebody in St. Croix looked at a federal office and concluded the correct candidate was the folklore. A second voter, unsure of the spelling but entirely clear on the concept, wrote `Goatfoot Wuman`.

> Runner-up: **Queen Mary**, one vote for Governor & Lieutenant Governor in the 2018 run-off. The leader of the 1878 Fireburn remains, 140 years on, a live option.

---

02 | MOST COMMITTED BIT

J. R. "Bob" Dobbs

2018 GENERAL · ST. THOMAS/ST. JOHN · **8 VOTES ACROSS 4 DIFFERENT CONTESTS**

The fictional 1950s salesman-messiah of the Church of the SubGenius did not run for one office in the Virgin Islands. He ran for **Board of Education, Delegate to Congress, the Legislature, and Territorial Committee At Large** — a complete slate, entered by hand, on a single night. This is not a joke somebody made. This is a joke somebody *campaigned*.

---

03 | THE SEVEN-SEAT SWEEP

Blackie Cat

2020 PRIMARY · ST. THOMAS/ST. JOHN · **7 VOTES, 7 SEPARATE CONTESTS**

In one primary, Blackie Cat was written in for Board of Education, Board of Elections, the Legislature, District Chair, **State Chair**, National Committee Woman, and Territorial Committee At Large. Every ballot line available. One cat. Later that year a different voter, in the general, went with the more formal `BLACK CAT` for Delegate to Congress.

> Also nominated for public office in this period: **Dog** (1), **My Cat** (1), **Bear** (1), **Mango** (2) and **Sea grapes** (1).

04 | LONGEST-RUNNING FRANCHISE

Max Mongoose

2018 GENERAL & 2024 GENERAL · **3 VOTES OVER SIX YEARS**

Max Mongoose was written in for the Legislature in 2018. Six years later — different election, different ballot, spelled `Maxmongoose` — he was written in for the Legislature At Large again. Either a persistent voter or a persistent mongoose. Neither can be ruled out.

Of every hundred write-in votes: 95 name a real, identifiable person ●; four are the tabulator's own notes — *Blank*, *Unreadable* ●; and one is an outright protest ●. The circus is the smallest part of this. It is also, unavoidably, the best part.

05 | THE STAR WARS CAUCUS

- [x] *Grand Master Jedi Yoda*

2018 PRIMARY · 2018 GENERAL · 2024 GENERAL · **6 VOTES, 4 ENTRIES**

The 2018 St. Thomas/St. John legislative race drew two votes for `GRAND MASTER JEDI YODA` and two more for `GRAND MASTER JEDI SHOYWALTER` — a Skywalker rendered phonetically by somebody working from memory. In that year's primary another voter cut out the middlemen entirely and wrote `THE JED COUNCIL`. Six years later, somebody simply wrote `Star Wars`.

---

06 | THEOLOGICAL SLATE OF THE YEAR

- [ ] *God the father*
- [ ] *God the son*
- [x] *God the holy spirit*

2022 PRIMARY · LEGISLATURE AT LARGE · **1 VOTE EACH, SAME CONTEST**

The at-large legislative race lets a voter pick several names. One voter spent three of theirs on the Trinity — separately, correctly ordered, one Person per line. It is the most procedurally rigorous protest vote in the record.

> The wider field: **God** (9 votes), **Jesus Christ** (8), plus **Father God Jesus**, **Jesus is Lord**, **My Lord & Savior**, **God For Us All**, **GOD!!!** and — from a voter who treated the ballot as a mission field — **Give Your Life To Jesus**. Against 46 votes for the divine, the opposition mustered two for **SATAN** and two for **LUCIFER**, both in 2018, in different contests, apparently unaware of one another.

07 | BEST SINGLE-WORD POLICY PLATFORM

Pay Wapa

2024 GENERAL · SIXTH CONSTITUTIONAL CONVENTION AT-LARGE · **1 VOTE**

Two words. A constitutional convention seat. A complete working theory of what ails the territory. No candidate in this file campaigned harder in less space.

> The rest of the manifesto shelf: **Please fix roads** (2016), **A Social Worker for People** (2022), **Need NewCandidates** (2022), **No Genociders** (2024), **No Crooks** (2 votes, 2022 Governor), **No Confidence** (3 votes across 2022 and 2024) and, for Board of Education St. Croix in 2022, **Lord Help Us**.

Please fix roads

2016 GENERAL · LEGISLATURE, ST. CROIX · 1 VOTE

08 | MOST HONEST VOTER IN THE TERRITORY

IDK

2024 GENERAL · **4 VOTES** · THREE OF THEM IN ONE CONSTITUTIONAL CONVENTION CONTEST

Three separate people, in the same contest, on the same night, wrote `IDK` onto a document that will outlive them. A fourth did it on St. John for Board of Elections. It is the closest thing the Virgin Islands has to a formal abstention, and it is spelled the way a teenager texts.

> Adjacent: **Anytime Now** (2022), **Not Now** (2022), **No Choice** (2024), and one voter in 2022 who wrote **Joe No Say** for Governor.

09 | SHORTEST CAMPAIGN

.

2022 & 2024 · **3 VOTES ACROSS 3 CONTESTS**

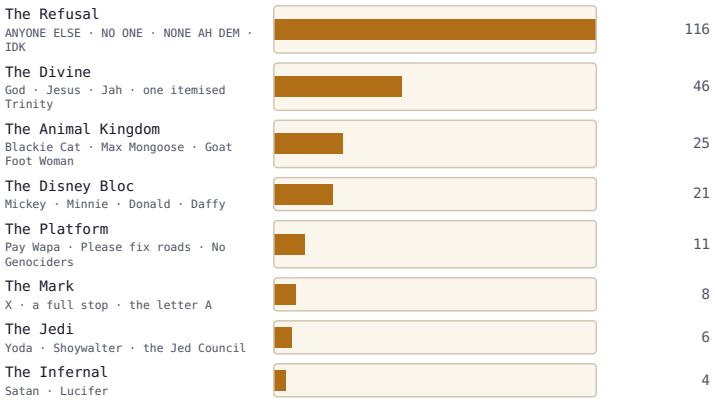

A single full stop. Written on the line, counted, transcribed by an officer of the Elections System, published in a certification, and now — through no fault of its own — the subject of an award. X took three votes as well. A took one.

10 | LONGEST ENTRY

CANNOT READ #999 #1000 #1003 #1083 #1134

2020 GENERAL · LEGISLATURE AT LARGE · **1 VOTE · 40 CHARACTERS**

The longest write-in on record is not a voter at all. It is a tabulator, defeated, listing the ballot numbers she gave up on. Because the law says record it exactly as written, her surrender went into the certification and became, technically, a candidate.

The unprinted parties. Grouped by what they are rather than who they name. The Refusal wins every cycle and has never once been on a ballot.

11 | BEST NICKNAME PRESERVED FOR POSTERITY

Dior Pudding Parsons

2024 GENERAL · BOARD OF ELECTIONS, ST. JOHN · **1 VOTE**

Nobody's legal name contains “Pudding.” A voter wrote the name the man is actually called by, and the statute required an officer to enter it into the public record of the United States Virgin Islands. This happens constantly.

> Also now permanent: **Clarence Sauce Stephenson** (2018), **Stacey Ambrose Showtime** (2022), **Mark “Slicky” Kragel**, **Carl “Hero” Gumbs**, **Stephen “Smokey” Frett**, **Ivan “Sabat” Hobson**, **Almando “Rocky” Liburd**, **Alicia “Chucky” Hansen** and one glorious **Ahhlaaya Challengerr**.

---

12 | THE ALIAS THAT OUTGREW THE MAN

Wayne Factsman Adams

2020 & 2022 · **5 VOTES, 3 SPELLINGS**

He appears as `WANE FACTS MAN` in the 2020 primary, as `WAYNE FAX MAN ADAMS` in the 2020 general, and as `Wayne Factsman Adams` in 2022. Three elections, three renderings, one man known well enough that voters wrote the nickname and trusted it to land.

> Same genre: **BARBARA TALK SHOW HOST** (2020) — a voter who knew exactly who she meant and expected the Elections System to keep up.

---

13 | MOST UNEXPECTED CELEBRITY DEEP CUT

Michio Kaka

2018 GENERAL · DELEGATE TO CONGRESS · **2 VOTES**

A theoretical physicist, name rendered from the sound of it, nominated to represent the Virgin Islands in the United States Congress. In the same contest another voter went with TOM SECUNDA, a co-founder of Bloomberg L.P. A third chose EDWARD SCISSORHANDS.

> The rest of the red carpet: **Maureen Ponderosa** (2 votes — a recurring character from *It's Always Sunny in Philadelphia*), **Suze Orman**, **Thomas Sankara**, **Angela Davis** (2), **Nikita Khrushelter** and **Nikita Krusher**, **Lebron James**, **O.J. Simpson**, **Bart Simpson**, **Spiderman**, **Bozo the Clown**, **Howdy Doody**, **The Joker**, and **Santa Claus**, nominated for Delegate to Congress in 2022.

Lord Help Us

2022 GENERAL · BOARD OF EDUCATION, ST. CROIX · 1 VOTE

14 | STANDING COMMITTEE, DISNEY

Mickey Mouse

2018 · 2020 · 2024 · **10 VOTES ACROSS 5 CONTESTS**

Ten votes over three cycles, including two for Delegate to Congress and two for District Chair. Add **Minnie Mouse** (3), **Donald Duck** (6), **Daffy Duck** (1) and one entry recorded simply as **Mouse**, and the Disney bloc has taken **21 votes** since 2016 — more than several people who were actually on the ballot.

15 | BEST TICKET THAT DOES NOT EXIST

Ther Theresa and Princess DI

2022 GENERAL · GOVERNOR & LIEUTENANT GOVERNOR · **1 VOTE**

Governor is a two-name office, so a write-in has to field a running mate. One voter in 2022 paired Mother Teresa with Princess Diana — a ticket that is, at minimum, harder to criticise than the alternatives.

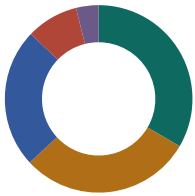

> In the same contest: **Edgar Ross and Rupert Ross**, written once in that order and once reversed, indicating a genuine disagreement about who should top the ticket.

16 | INSTITUTION, NOT PERSON

Charlotte Amalie High School

2022 PRIMARY · BOARD OF EDUCATION, STT/STJ · **2 VOTES**

Asked to name a person to sit on the Board of Education, a voter nominated an entire high school. Arguably the most representative body ever proposed for that seat.

Territory-wide	33%	**3,584**
St. Thomas / St. John	30%	**3,187**
St. Croix	24%	**2,576**
St. John	9%	**960**
St. Thomas	4%	**417**

Who's writing. Territory-wide contests draw the most, but St. John — the smallest district by population — is wildly over-represented for its size, almost entirely on the strength of its Board of Elections races.

17 | BEST NEGATIVE CAMPAIGN

ANYONE ELSE

2016–2024 · **24 VOTES, 9 CONTESTS, EVERY SINGLE CYCLE**

`ANYONE ELSE` is the most durable write-in in the territory — present in all five elections with surviving appendices. It is joined by **NOBODY SMITH**, who took a surname to look serious, and by a further pile of **No One**, **Nobody**, **NONE** and **No Vote** — including one voter in 2022 who wrote `No vote 1`, `No vote 2` and onward through `No vote 5`, refusing each seat individually.

> Named opposition: **NOT STACEY PLASKETT** (2018), **ANYONE BUT SARAUW** (2020), **ANYONE BUT HIM** (2020), **DUMP TRUMP** (2018), and one 2024 entry the tabulator recorded as **F**k Bolques Jr** — asterisks and all, because the law said *exactly as written* and she found a workaround.

---

18 | THE SELF-NOMINATION

Me

2020 · 2022 · 2024 · **8 VOTES, 6 CONTESTS, 3 ELECTIONS**

Somebody keeps writing `Me`. Legislature at large. Board of Elections on St. John. Board of Education. The Constitutional Convention. Eight votes across three cycles. Statistically at least a few of these are different people, which is somehow worse.

---

19 | BEST DIALECT IN AN OFFICIAL DOCUMENT

NONE AH DEM

2016–2024 · **3 VOTES** · PLUS **NONE OF DEM** (2)

Filed by the Elections System under “accounting,” alongside *Blank* and *Unreadable*. It is the only entry in the whole corpus where a Virgin Islands voter's actual speaking voice survives, verbatim, into a certified public record — preserved by the same clause that preserved the rum-saturated corpse.

---

20 | MOST SPECIFIC REQUEST

RON DELUGO'S RUM SATURATED CORPSE

2018 GENERAL · DELEGATE TO CONGRESS, STT/STJ · **2 VOTES**

Ron de Lugo held the Delegate seat for two decades and was very much alive in 2018, aged 87. Two voters, offered the field as printed, preferred a hypothetical version of him that was not. The Elections System typed it out. Twice.

II

PART TWO · FIELD GUIDE

A bestiary of the blank line

Every write-in in the territory belongs to one of eight species. Some are endemic. One is not a voter at all.

EIGHT SPECIES · 2,928 SPECIMENS COLLECTED

Vicinus proximus

The Neighbour

`1,643 specimens`

A real person, one vote, once, never again. The most common write-in by a distance. Somebody's aunt, mechanic or pastor. The largest single category of political expression in the Virgin Islands is "you, actually."

Praecursor electoralis

The Precursor

`43 identified`

Written in for years before ever appearing on a ballot — then wins. Payne. Jones-Sprauve. Monsanto. The most valuable animal in this guide, and the reason Part Four exists.

Nemo vulgaris

The Refusal

`116 votes`

ANYONE ELSE. NO ONE. NONE AH DEM. No Confidence. Appears in every cycle without fail. Does not migrate. Cannot be removed from the habitat by campaign advertising.

Jumbie insularis

The Folk Figure

`4 votes`

Goat Foot Woman. Queen Mary. Endemic to the Virgin Islands and found nowhere else in American election records. Prefers Board of Education and, occasionally, Congress.

Deus ex charta

The Deity

`46 votes`

God, Jesus, Jah, and one fully itemised Trinity. Outnumbers the infernal caucus 46 to 4. Peaks in years when the printed field is weakest.

Animatus americanus

The Cartoon

`21 votes, mice & ducks alone`

Then add a Jedi, a clown, a puppet and a Batman villain. Migratory — appears wherever the ballot is longest and the choices fewest.

Signum incognitum

The Mark

`8 votes`

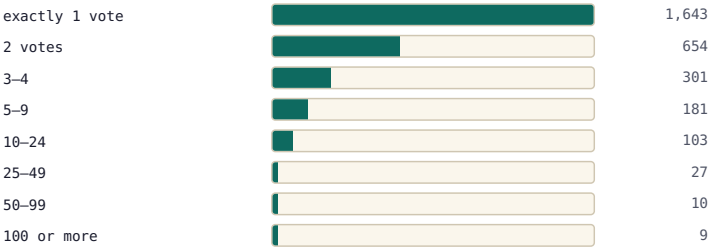

X. A full stop. The letter A. Something was written. Something was counted. Meaning did not survive contact with the paper.

Scriba defessa

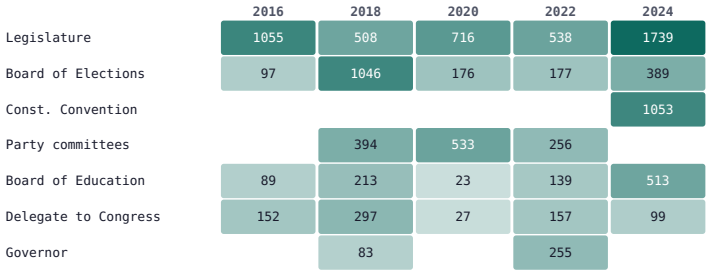

The Tabulator's Note

13 forms, 422 votes

Blank. Unreadable. CANNOT READ #999. Not a voter at all — the counter's own margin notes, hoovered into the candidate list by a statute that admits no exceptions.

The shape of the whole thing. Of 2,928 distinct entries, **1,643 got exactly one vote** — written once, by one person, and never again. Nine entries broke a hundred. The Virgin Islands write-in vote is one very long tail with a handful of real campaigns at the head of it.

Where they land. Write-in votes by office and year. Two spikes explain most of the map: the 2018 Board of Elections races, and the Sixth Constitutional Convention appearing on the 2024 ballot from nowhere with 1,053 votes. Blank cells mean the office wasn't up.

III

PART THREE · UNSOLVED

Things we can only half explain

Three cases where the certification raises a better question than it answers.

1. Who is EEL?

In the 2016 general, the St. Croix legislative race recorded **155 votes for three letters**: `EEL`. Another six came in elsewhere on the same ballot, plus `eel`, `Eel`, `E.E.L.` and `EEL III` — **166 votes** for a set of initials, in one election, from a standing start.

EEL

2016 GENERAL · LEGISLATURE OF THE VIRGIN ISLANDS — ST. CROIX · **155 VOTES**

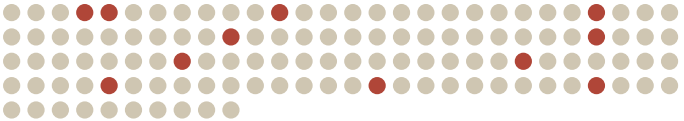

The answer is sitting three lines down in the same appendix. Elsewhere in that contest are `Eugene LaCorbiniere` (9 votes), `E.E. LaCorbiniere`, `EEL LaCorbinere`, `EEL LaCorbena` and `EEL Carboneal` — along with eleven further attempts at the surname, among them `Lacabonair`, `LaCarbinaire` and `Leconbinere`. Every spelling of the name together: **29 votes**. The initials alone: **166**.

> **ANALYSIS, NOT CONFIRMED**
>
> The formal matcher behind this dataset will not link `EEL` to Eugene E. LaCorbiniere, because he never appeared on a printed ballot and so isn't in the candidate roster it checks against. The link rests on the four hybrid entries — `EEL LaCorbinere` and its relatives — that carry both forms at once, in the same contest, in the same certification. It looks decisive. It is still an inference, and it is labelled as one.

If it holds, EEL is the most efficient piece of political branding in modern territorial history: a man nobody could spell who took **six times more votes as three letters than as himself**. He still lost.

2. The 122-name congressional field

The 2018 Delegate to Congress contest in St. Thomas/St. John — one office, one blank line — attracted **122 different write-in names** and 297 votes.

One seat. 122 names. Each dot is a different person, thing or idea written in for Delegate to Congress in 2018. Highlighted ●: Mickey Mouse, Donald Duck, Edward Scissorhands, Michio Kaka, Tom Secunda, O.J. Simpson, Jesus Christ, NOT STACEY PLASKETT, ANYONE ELSE, Ron de Lugo's rum-saturated corpse — and, leading the whole field with 13 votes, the economist Warren Mosler, a real St. Croix resident who has actually run for office and who was, in that moment, losing to nobody at all.

3. The ticket that came in sixteen pieces

In 2022 a Governor and Lieutenant Governor ticket that was never printed — Kent Bernier Sr. and Oakland Benta — drew **133 write-in votes under 16 different spellings**. Voters were working from something they had heard rather than seen. The certification records `Kent Bernier Sr. Oakland Benta` (54 votes), `Ken Bernier -Oakland Benta`, `Kent Bernier Sewior`, `knbernier Oakland Benta`, `Benta and Benerie` and — from a voter running out of room and patience — `OcaBenta`.

Counted as one campaign, they were a real force in that race. Counted as sixteen names, which is how the official tally counts them, they were a rounding error. *That is the whole problem.*

IV

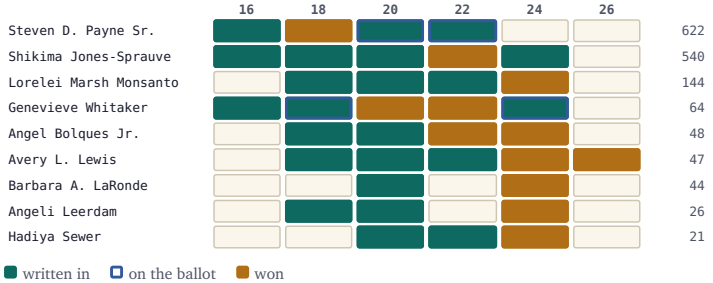

PART FOUR · THE PART THAT ISN'T FUNNY

The blank line is a scouting report

Strip out the mongoose and the Trinity and what remains is the most honest poll in the territory — and a counting problem that quietly costs real candidates real votes.

319 PEOPLE IDENTIFIED · 43 WRITTEN IN BEFORE THEY EVER RAN

An unprompted, unpaid, write-it-yourself list of who Virgin Islanders actually want. Of the 319 people identifiable in this record, **43 were written in before they ever appeared on a ballot** — and a great many of those went on to win.

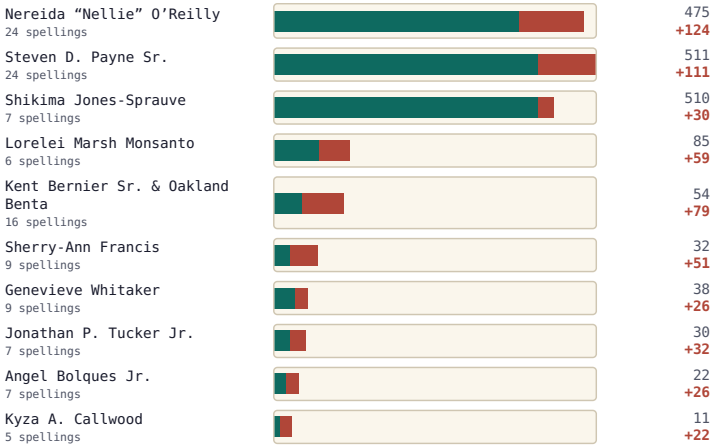

Written in first, elected later. Each row is one person; the number on the right is their lifetime write-in total. Teal marks a year they were written in, the blue outline a year they appeared on the printed ballot, gold a year they won. The pattern is hard to miss: the blank line runs several years ahead of the ballot.

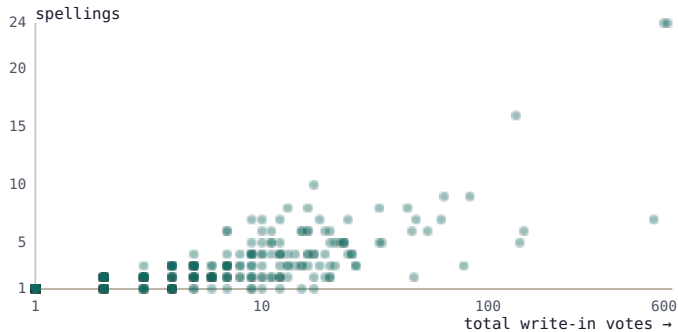

Which brings us to the thing that costs people votes. When a name arrives on the blank line it arrives in whatever spelling the voter can manage — and the official count treats every spelling as a different person.

- *Nellie OReilly*
- *Nellie O'Reily*
- *Noreida Nelly OReilly*

2024 GENERAL · **24 SPELLINGS · 599 VOTES · 124 OF THEM INVISIBLE**

The votes nobody counts. Teal is what a single spelling captures — the number you'd see reading the appendix line by line, which is the only way it is published. Red is the same person's support, scattered across every other attempt at their name. Nereida “Nellie” O'Reilly took 599 write-in votes in 2024; read as published, she took 475.

The more popular you are, the worse it gets. Each dot is one of the 284 identifiable people written in since 2016, plotted by total votes (log scale) against how many different ways voters spelled them. Support and fragmentation rise together — which means the people most affected by the counting problem are precisely the ones with the most support to lose.

V

PART FIVE · THE GAME

Twelve you will swear we invented

Below are twelve entries from the certified record. Decide which ones we made up. The answers are on the next page. Do not turn over yet.

TWELVE ENTRIES · ZERO INVENTIONS · YOU WILL STILL GET IT WRONG

THE ANSWERS

All twelve are real.

So is everything else in this report. That is the joke, and it is also the finding.

01 **Bongo Woman** REAL

2022 General · Legislature, STT/STJ · 1 vote. Her running mate, Bongo Man, was written in for Delegate to Congress the same year.

02 **Moon Lizard** REAL

2018 General · Legislature, STT/STJ · 2 votes. Same contest as Yoda. It was a night.

03 **Duke Taz** REAL

2018 General · Legislature, STT/STJ · 2 votes.

04 **Dolly the Cougar** REAL

2018 run-off · Delegate to Congress · 1 vote. Note the run-off: this voter came back a second time to do it again.

05 **Maureen Ponderosa** REAL

2022 General · 2 votes, two different contests, both on St. John.

06 **Sea grapes** REAL

2024 General · Legislature, STT/STJ · 1 vote.

07 **Mystery Man** REAL

2024 General · Board of Elections, St. Thomas · 1 vote. Identity, fittingly, unresolved.

08 **Love Bush** REAL

2018 General · 4 votes across two contests. A 2020 voter upgraded him to Lovebush Pickering.

09 **Nobody Smith** REAL

2 votes. Gave Nobody a surname so it would look like a serious candidacy.

10 **Grand Master Jedi Shoywalter** REAL

2018 General · Legislature, STT/STJ · 2 votes. Spelled from memory.

11 **Ahhlaaya Challengerr** REAL

2022 General · Board of Elections, St. Croix · 1 vote.

12 **Pop-Pop** REAL

2018 run-off · Governor & Lieutenant Governor · 1 vote. Somebody nominated their grandfather to run the territory.

CERTIFIED · PUBLIC RECORD

Where this comes from

Twenty-one Elections System of the Virgin Islands `WRITE-IN APPENDIX A` certifications, 2016 through 2024, covering 13 source documents and 102 contests across all three islands. Names are verbatim because **18 V.I.C. § 625** requires officers to record them “exactly as they were written or pasted to the ballot.” Both sources are public records.

What this is not

Not an integrity story: write-in volume measures what voters wanted and could not find printed, and no fraud-detection method was used or would be valid at this scale. Not a forecast: the relationship between being written in and later winning is descriptive over small numbers, and the likeliest reading is that both reflect standing a person already had.

Vote figures here are name counts parsed from the appendices, which do not reconcile with the Elections System's own archive totals; the two are never mixed. Write-in appendices begin in 2016. The 2020 general write-in file and one 2016 St. Thomas file could not be parsed. The August 2026 primary is not included — its appendix publishes with the certification.

Corrections

If your name is in this record and it is wrong, or if you know who EEL is, we want to hear from you. That is the point of publishing the whole thing.
